To Whom It May Concern,

David Frasher has passion – and professionalism. For the past nearly six years, he has used this unique combination to successfully drive the wheel of orderly progress for our city as its City Manager. Under policy guidance from his City Commission and David's own experienced leadership and imagination, our city has grown from one fairly stumbling with potential to one taking solid steps towards reaching that potential. David assembled a staff of award winning department heads, working with the leanest of budgets, to accomplish real greatness. He actively involved himself in the community, both as a model Rotarian and a member of the local Chamber of Commerce. He frequently contributed to the local Business Alliance.

David has many friends in Oregon City, including yours truly. As an active member of this community, it has been an honor and pleasure to work with David in many capacities. As past chair of the Government and Economic Affairs Committee for the Chamber of Commerce, the co-founder and past president of the Oregon City Business Alliance, as a member of numerous committees (City Budget, Urban Renewal Budget, Transportation, Citizen Involvement, et al), I have seen David work in numerous stressful situations. Ever the tactician, he never lost sight of the greater goal: the betterment of our city.

Please feel free to contact me directly with any additional questions regarding David Frasher's past performance and professional potential.

Sincerely,
In Peace through Understanding,

William Gifford
